

## *Creation Supplied*

Thank you for trying our products. Creation Supplied was created to offer women simple, healthy, and 100% organic beauty products. Ingredients are simple and on every label.

When we are in the shower or just out of the shower, our pores and lungs are open and receptive to all of the chemicals and toxins we apply to our skin. There are vast amounts of information on this topic, but let me just leave you with one fact: the usage of the word "Fragrance" means that there are approximately 4,000 ingredients that could be added to a single product, and not one of them needs to be disclosed to you the consumer. Being aware of what goes on and into our bodies is essential to health and vitality.

### **Everyday**

- Pause to feel gratitude for someone or something (maybe even for yourself)
- Get up and move
- Drink water
- Breathe deeply and exhale slowly
- Stop to smell the roses... or maybe the lavender

### **A note about organic products**

Keep in mind coconut oil has a low melting point. Do not keep in your pants pocket or in a warm car. Organic deodorant may take a little getting used to. To start the product, apply right after a shower when your skin is still damp and warm.

Love,

*Cindy*

I would love to hear your thoughts on our products!

## *Creation Supplied*

### **Coconut Oil**

The best all-purpose oil to use in personal care products

### **Shea Butter**

Used for moisturizing very dry and aged skin

### **Frankincense**

Lessens the signs of aging skin, combats negative emotions and stress, supports immunity, and helps prevent illness

### **Lavender**

Improves sleep, reduces anxiety and depression, improves skin, and reduces acne

### **Lemon**

Helps purify the body, stimulates lymphatic drainage, and promotes weight loss

### **Eucalyptus**

Relieves respiratory conditions, fights infections, and reduces pain and inflammation

### **Orange**

Helps to reduce the appearance of wrinkles, acts as a natural anti-bacterial agent, aids in easing anxiety, and increases circulation

### **Peppermint**

Provides mental focus, promotes respiratory cleansing, and boosts energy

### **Rosemary**

Thickens hair, regenerates nerve tissue, and soothes respiratory conditions

### **Turmeric**

Anti-inflammatory and antioxidant

### **Rose Clay**

Reduces inflammation, removes dead skin cells, tightens pores, fades hyperpigmentation, and removes harmful toxins

### **Orange Moroccan Clay**

Detoxifies skin, exfoliates dead skin cells, deeply cleanses and tightens pores, purifies and softens the skin, and reduces excess oil

### **Ylang-Ylang**

Provides mental focus, promotes respiratory cleansing, and boosts energy

### **Thieves® Young Living Essential Oil**

A legendary blend of purifying essential oils: clove, lemon, cinnamon bark, eucalyptus radiata, and rosemary to impart a refreshing breathing experience when applied aromatically and topically
